Re: Notice of Reinstatement of the Coastal Protection Fund Fee

Dear Taxpayer:

The General Land Office has certified that the Coastal Protection Fund has fallen below the minimum balance allowed by law. Therefore, by law, the Coastal Protection Fee has been reinstated effective Aug. 1, 2020. Official notice will be published in the *Texas Register* on July 10, 2020. Crude oil transferred through a marine terminal on or after Aug. 1, 2020, is subject to the 1.333 cents per barrel fee.

Your August return (Form 66-100) is due on Sept. 30, 2020. Please note that you must file a return for each month even if no money is due. Collection of the Coastal Protection Fee will be suspended again if the fund reaches the maximum balance allowed by law. You will be notified if the fee is suspended.

If you have any questions, please call toll free 800-252-1384.

Sincerely,

A handwritten signature in cursive script that reads "Teresa G. Bostick".
