

Texas Natural Gas Producer Report

Transaction Set 813 Effective October 2019

This mapping illustrates the required format of the ANSI ASC X12 813 Transaction Set for use in filing a Texas Natural Gas Original Producer Report forms 10-159 & 10-163 and forms 10-169 & 10-173 for Amended Reports. This transaction set can be used by tax filers to electronically file tax returns which may initiate payments related to the tax return.

- Each occurrence of an 813 begins with an ST segment and ends with a SE segment.
- Multiple 813 filings are contained within a GS/GE envelope and an ISA/IEA Interchange Control Header and Trailer.
- All segments are required unless noted. See Attribute Exemptions at the end of this document for acronym explanations.
- An example of the required mapping follows each table.
