

Supplemental Summary for FY 2019 Annual HUB Report for Agency 712

The Texas A&M Engineering Experiment Station (TEES) is the engineering service agency of the State of Texas. We partner with industries, communities, and academic institutions to solve problems to help improve the quality of life, promote economic development and enhance the educational systems of Texas. TEES is also committed to the broad utilization of Historically Underutilized Businesses (HUBs) and minority-owned firms in its procurement process.

TEES participated in four (4) Economic Opportunity Forums and HUB Vendor Fairs in the first half of FY 2019. TEES is also participated in the "Doing Business Texas Style" Spot Bid Fair in Irving, TX. Additional HUB promotion endeavors include continuation of the TEES HUB Vendor Forums, participation in the quarterly meetings of the Texas Universities HUB Coordinators Alliance and the HUB Discussion Workgroup. TEES is also supporting a Mentor Protégé Agreement. We also continue to provide training to the researchers and staff in an effort to increase their awareness of and utilization of HUBs in the procurement of all goods and services.

This year TEES has two major initiatives. The first is reviewing all Amazon purchases for office, IT and book related items prior to placing the orders. This process has diverted numerous Amazon orders to HUB vendors. The second is assigning an online HUB training program to all business office personal dispersed throughout our departments.

While we continue to actively research and pursue potential HUB vendors, TEES has few opportunities for Heavy Construction, Building Construction, Special Trade, and Professional Service contracts. As a research entity, TEES also faces some unavailability in the areas of research/industrial laboratory equipment and supplies, as is evident by an average HUB response rate to bid requests of only 1%.

If you need additional information, please contact Ms. Mary Williams, Procurement Director and HUB Coordinator for TEES at (979) 458-7434 or e-mail at me-williams@tamu.edu.

M. Katherine Banks, Ph.D., P.E.
Vice Chancellor of Engineering and National Laboratories, The Texas A&M University System
Dean of Engineering, Texas A&M University
Director, Texas A&M Engineering Experiment Station
University Distinguished Professor
Harold J. Haynes Dean's Chair Professor
