**SEMI- SUPPLEMENTAL SUMMARY FOR FY2019
HUB REPORT FOR AGENCY #785**

The University of Texas Health Science Center at Tyler (UTHSCT) has made using Historically Underutilized Business (HUB) a continuing part of all its procurement strategies as demonstrated through its internal and external efforts to procure needed goods and services with these firms whenever these firms are available. UTHSCT provides a supportive outreach and community awareness to promote the HUB program through educating all purchasers on the HUB program through weekly meetings, HUB reports, and hosting HUB vendor presentations. In addition, Purchasing Services actively uses the Central Master Bidders List and its HUB information to make the greatest use of all-discretionary spending.

UTHSCT is a founding member of the Texas Universities HUB Coordinators Alliance (TUHCA) and was the President for FY2005-2006, which brings together the resources and experience of 14 North and Northeast Texas Universities HUB Coordinators to share program information.

As a healthcare and research institution, UTHSCT must contract for goods and services for which there is minimal, or no HUB sources identified such as some medical supplies. Recently UTHSCT has partnered with Ardent, which is a Non-State entity. Given this arrangement, a number of these products are now purchased through Ardent using the contracts they hold for medical supplies, such as laboratory, chemicals, blood products, anesthesia and pharmaceuticals.

UTHSCT supports the minority and women owned business through outreach efforts including participation in vendor fairs and hosting or co-hosting trade shows.

Sincerely,

Kris Kavasch
Vice President and Chief Financial Officer
The University of Texas Health Science Center at Tyler
