

Texas Commission on Fire Protection

Annalise Beasley
4800 N Lamar BLVD
Austin TX 78756

April 17, 2025

To Whom it May Concern,

The Texas Commission on Fire Protection has put a renewed focus on intentionally increasing HUB vendor numbers.

The Division Chief of Support Services Amanda Khan has completed the HUB course provided by the Statewide Procurement Education System. Ms. Khan has also attended a few of the HUB Report and Procurement Plan Discussions.

I, Annalise Beasley, have also completed the HUB course provided by the Statewide Procurement Education System. I attended the TDLR 2024 HUB Expo from October 29, 2024. I also have attended a few of the HUB Report and Procurement Plan Discussions. I have also registered for the upcoming Texas Tech University Small and Historically Underutilized Business Expo on June 2, 2025.

As detailed above this shows our agency's renewed focus on increasing HUB usage as we continue to attend conferences and discussions to increase our knowledge base.

Sincerely,

Annalise Beasley

Purchaser CTCM, CTCD
