This supplement to The University of Texas at Austin's Semi-Annual Historically Underutilized Business Report for Fiscal Year 2025 has been prepared to provide a broader and more comprehensive representation of The University of Texas at Austin's efforts in its attempt to reach the Good Faith Effort Goals set by the State Legislature.

In accordance with the *Texas Government Code*, Sections 2161.181-182 and §20.284 of the *Texas Administrative Code* (TAC), state agencies shall make a good faith effort to utilize State of Texas certified Historically Underutilized Businesses (HUBs) in contracts for construction, services, including professional and consulting services, special trade, and commodities.

Semi-Annual Year 2025 (FY25) has seen headway in strategic efforts to develop new sourcing opportunities and move from a purely competitive supplier network to one that includes strategic business alliances, while safeguarding for the highest level of qualified diverse supplier performance, as a direct result of continued efforts in supplier outreach and focused training provided directly to certified HUB suppliers.

Results of FY25 good faith efforts include:

- \$12.4M in payments to HUB suppliers, through contracts that include subcontracting awards.
- \$46.1M in direct awards to HUB suppliers, accounting for 78.7% of the overall total HUB supplier spend in semi-annual FY25.
- \$15.8M in payments to Graduated HUB suppliers (graduated in FY23-24)
- 244 HUB suppliers contracted with during semi-annual FY25

- Host Monthly HUB Subcontracting Plan (HSP) and HUB Compliance Reporting System (B2G) recurring training events.
- Provided 37 Vendor Introductory Meetings in semi-annual FY 2025 for HUB certified and Non-HUB suppliers.
- Recent procurement strategy in FY24 resulted in new awards that will contribute an estimated \$18.7 million in HUB spend over the next five years within the construction and facilities services category.
- Excluding "non-availability" payments made where HUB firms were not available during semi-annual FY25, the adjusted total payments made by UT Austin to HUB firms would equal 14.58% of overall university spend.
