CHAPTER 380/381 ECONOMIC DEVELOPMENT AGREEMENTS

Municipality Agreements

Chapter 380 of the Local Government Code authorizes municipalities to offer incentives designed to promote economic development such as commercial and retail projects. Specifically, it provides for offering loans and grants of city funds or services at little or no cost to promote state and local economic development and to stimulate business and commercial activity.

In order to provide a grant or loan, a city must establish a program to implement the incentives. Before proceeding, cities must review their city charters or local policies that may restrict a city's ability provide a loan or grant.

On the next screen, log in using your existing user ID and password. *This user ID is NOT your 15-digit Numerical Code.* This is the alpha-numeric user ID used to log in for any report filings you do on eSystems/Webfile. If you are new to filing reports with the Comptroller's office, please create a new user ID. This ID is unique to the individual person filing, not to the entity you are reporting for.

The screenshot displays a user interface for 'eSystems'. On the left, a blue panel titled 'Welcome to eSystems' contains a 'Login' section with two input fields: 'User ID:' and 'Password:'. Each field has a 'Forgot User ID?' or 'Forgot Password?' link below it. A 'LOG IN' button is at the bottom of this panel. On the right, a white panel titled 'First time user?' contains the text 'Create a profile now.' and 'Start managing your tax-related business more easily and all in one place.' A 'Create Profile' button is at the bottom of this panel.

If you have an existing user ID and this is the first time you have logged in since Feb. 1, 2021, you may be prompted to set up three security questions for future user ID or password recovery.
