Instructions for Computing the Automobile Burglary and Theft Prevention Authority Assessment

When to File

Reports and payments are due semi-annually:

- March 1 for the last six months of the previous year
- Aug. 1 for the first six months of the current year

Refunds

An insurer that seeks either a refund of fees or a determination of the sufficiency of their semi-annual payment must notify **the Authority in writing** not later than four years after the date the semi-annual payment was made. This includes the amending of a report that would generate a refund. Send refund requests to:

Automobile Burglary and Theft Prevention Authority
c/o Texas Department of Motor Vehicles
4000 Jackson Avenue
Austin, TX 78731-6007

For Assistance with Form Completion

If you have any questions regarding Insurance Tax, contact us at 1-800-252-1387 or visit our website at www.comptroller.texas.gov.

General Instructions

- If any preprinted information is not correct, mark out the item and write in the correct information.
- TYPE OR PRINT.

Policies Subject to the Assessment

Every form of insurance on any automobile, or other vehicle listed below and its operating equipment or necessitated by reason of the liability imposed by law for damages arising out of the ownership, operation, maintenance or use in this state of the following:

- | | | |
|---|---|--|
| <ul style="list-style-type: none"> • any automobile • motorcycle • motorbicycle • truck | <ul style="list-style-type: none"> • tractor • traction engine • any self-propelled vehicle • truck-tractor | <ul style="list-style-type: none"> • auticycle • any vehicle trailer, or semi-trailer pulled or towed by a motor vehicle |
|---|---|--|

The following are **excluded** from consideration for the assessment:

- every motor vehicle running only on fixed rails or tracks
- policies providing mechanical breakdown coverage
- garage liability policies
- nonresident policies
- policies providing only non-ownership or hired auto coverages

Calculating Motor Vehicle Years

"Motor vehicle years" defined as the total number of motor vehicles covered under an insurer's policies for the year or portion of the year at the time the policies are issued. The assessment is based upon the percentage of a year covered under the policy, times the number of vehicles covered by that policy, times the number of policies delivered, issued for delivery or renewed during each semiannual period covering the same number of vehicles and the same percent of a year covered under the policy. For purposes of calculating the percent of a year for a policy, you can use one of the following methods:

- (1) A pro rata method with the number of days covered under the policy divided by 365, or
- (2) A monthly basis, with the number of months for the policy divided by 12. Fractions of a month should be rounded up to a full month when using this method.

In the calculation of motor vehicle years, the following items should be noted:

- **Policy cancellations** for any reason have no effect on the assessment amount due for the vehicles covered by such policies. Once a policy is delivered, issued for delivery or renewed during each semi-annual period, the assessment accrues based on the total motor vehicle years at that time. If a policy is written and later cancelled, the ABTPA assessment would be due. A flat cancellation of an insurance policy means that no insurance coverage was provided; therefore, no ABTPA assessment is due.
- **Endorsements adding vehicles** accrue "motor vehicle years" in the year of the endorsement, prorated for the remainder of the policy period as determined in the Calculation of Motor Vehicle Years.
- **Endorsements deleting vehicles** are treated in the same manner as a cancellation. If a vehicle is removed from a policy by endorsement, the full ABTPA assessment is still due.
- **Vehicles substituted** on existing policies by endorsement, if substituted concurrently, are not subject to additional assessments.
- **Policies delivered, issued for delivery or renewed** with an effective period that extends into the next period or year will be counted 100% in the period or year of issue.

The sum of all resulting motor vehicle years is multiplied by \$2. For instance, if an insurance company sells 500 six-month policies, each of which covers four vehicles, and 200 annual policies, each of which covers three vehicles, then the assessment due is calculated as follows:

$$\begin{array}{r} .5 \text{ year} \times 4 \text{ vehicles} \times 500 \text{ policies} = 1,000 \text{ motor vehicle years} \\ 1.0 \text{ year} \times 3 \text{ vehicles} \times 200 \text{ policies} = 600 \text{ motor vehicle years} \\ \hline \text{Total } 1,600 \text{ motor vehicle years} \end{array}$$

The insurer would pay \$2 times 1,600, or \$3,200, for its 700 policies.

Recouping Assessment Payments

Insurers may recoup this assessment from policyholders as authorized by Administrative Rule 28 TAC Section 5.205.
