Notice of Meeting to Vote on Tax Rate

The 86th Texas Legislature modified the manner in which the voter-approval tax rate is calculated to limit the rate of growth of property taxes in the state.

The following table compares the taxes imposed on the average residence homestead by	_ last year
to the taxes proposed to the be imposed on the average residence homestead by	_ this year.

	2024	2025	Change
Total tax rate (per \$100 of value)	2024 adopted tax rate	2025 proposed tax rate	(Increase/Decrease) of (nominal difference between tax rate for preceding year and proposed tax rate for current year) per \$100, or (percentage difference between tax rate for preceding year and proposed tax rate for current year)%
Average homestead taxable value	2024 average taxable value of residence homestead	2025 average taxable value of residence homestead	(Increase/Decrease) of (percentage difference between average taxable value of residence homestead for preceding year and current year)%
Tax on average homestead	2024 amount of taxes on average taxable value of residence homestead	2025 amount of taxes on average taxable value of residence homestead	(Increase/Decrease) of (nominal difference between amount of taxes imposed on the average taxable value of a residence homestead in the preceding year and the amount of taxes proposed on the average taxable value of a residence homestead in the current year), or (percentage difference between taxes imposed for preceding year and taxes proposed for current year)%
Total tax levy on all properties	2024 levy	(2025 proposed rate x current total value)/100	(Increase/Decrease) of (nominal difference between preceding year levy and proposed levy for current year), or (percentage difference between preceding year levy and proposed levy for current year)%
