

Fall 2026 Semester Enrollment Attestation Form

Students **are not** eligible to participate in the Texas Education Freedom Accounts (TEFA) program if they also attend a district or charter public school - including a public virtual school - in a manner in which the student will be counted toward the public school's average daily attendance for purposes of state funding under the Foundation School Program (referred to as "in membership" below*).

When a TEFA student is found to be enrolled at a public school according to Texas Education Agency (TEA) data, the program will place that student's account on hold, since the student is no longer eligible for the program.

Please use this form if you are appealing a hold because your child is not attending a public school. A successful appeal requires documentation showing that the student a) has been enrolled in a private school or homeschooling and b) was not in membership at a public school while participating in the program. Acceptable documents include:

Documentation that the student is enrolled in private school or homeschooling.

1. A letter on private school letterhead stating the date the student enrolled.
2. Records from a private school student information system showing the student's dates of enrollment.
3. For homeschoolers, a letter of assurance.
4. Part B of this form.

Documentation that the student has not been in membership at a public school.

1. A public school withdrawal notice with dates matching the student's participation in the program.
2. A letter on district letterhead attesting to the dates of a student's withdrawal.
3. Part C of this form.

IMPORTANT: A materially false attestation violates program requirements and could constitute criminal fraud, mandating referral to the appropriate district attorney pursuant to §29.366 of the Texas Education Code.

PART A — Student Information

Student Name:	
TEFA Educational Setting (enter the name of your child's school, or, if your the child is classified as homeschool/other, indicate "homeschool"):	

Select the option that applies:

- ☐ I certify that the student is attending the private school listed above and does not attend a public school – including a district, public virtual or open enrollment charter school in a manner that qualifies for state funding.
