APPENDIX E-8 TO DIR CONTRACT NO. DIR-TS0-4158

A. **AGREEMENT**

This Ordering Document is made by and between Texas Comptroller of Public Accounts ("CPA") and RFD & Associates, Inc. ("RFD"). This order incorporates by reference the terms of the Contract for Products and Related Services between the State of Texas acting through the Department of Information Resources ("DIR") and Oracle America, Inc. ("Oracle"), effective July 2018 (DIR Contract No. DIR-TSO-4158; Oracle Contract No. US-GMA-1889764) and all amendments and addenda thereto (the "Agreement"). RFD represents and warrants that it is an authorized reseller under the Agreement for the products and services listed on this Ordering Document. The defined terms in the Agreement shall have the same meaning in this order unless otherwise specified herein. For purposes of this Ordering Document, references to (i) "You" and "Your" and "Customer" shall mean Texas Comptroller of Public Accounts, an agency of the State of Texas and (ii) "Contractor" shall mean RFD and Oracle, collectively.

B. **DESCRIPTION AND FEES FOR ORDERED SERVICES**

1. **Terms of Use.** All products and services listed on this Ordering Document are provided by Reseller under, and subject to, the terms of this Ordering Document, including the Agreement and all Oracle documents referenced in this Ordering Document. You indicate Your agreement to the terms of this Ordering Document, including the Agreement, by signing this Ordering Document, and You represent that You have the authority to bind the Customer to whom this Ordering Document is addressed above to the terms of this Ordering Document and the Agreement. Oracle processes a customer's order after an Ordering Document signed by You is received by Oracle or an authorized reseller under the Agreement. Any pre-printed terms and conditions on Your purchase order are void and have no legal effect. For Cloud Services, You may not reduce the quantity of services purchased hereunder (e.g., user or record counts, storage, etc.), in whole or in part, during the Services Period set forth above. The Services Period for the Cloud Services commences on the date stated in the Ordering Document, or, if none is provided in the Ordering Document, the day the User login names and passwords are issued to You to access the Cloud Services under the Ordering Document (the "Cloud Services Start Date"). You must maintain a current subscription to applicable Oracle Cloud Services for the duration of any Technical Cloud Services ordered under this Ordering Document.

2. **Data Processing Agreement.** Oracle's Data Processing Agreement for Oracle Cloud Services (the "Data Processing Agreement"), which is available at http://www.oracle.com/dataprocessingagreement, is incorporated as Appendix N of DIR Contract No. DIR-TSO-4158 and describes the parties' respective roles for the processing and control of Personal Data (as that term is defined in the Data Processing Agreement) that Customer provides to Oracle as part of the Cloud Services under this order. Oracle will act as a data processor and will comply with all applicable data protection laws to the extent such laws by their terms impose obligations directly on Oracle as a data processor in connection with the services specified in this ordering document. Oracle will act on Customer's instruction concerning the treatment of Customer's Personal Data residing in the Cloud Services Environment, as specified in the Agreement, the Data Processing Agreement and this order. Customer remains solely responsible for Customer's regulatory compliance in connection with Customer's use of the Cloud Services and will comply with all applicable laws in connection with the performance of obligations or exercise of rights under this ordering document and the Agreement. Customer agrees to provide any notices and obtain any consents related to Customer's use of the Cloud Services and Oracle's provision of the Cloud Services, including those related to the collection, use, processing, transfer and disclosure of Personal Data.

3. **Fees.** The Cloud Services Payment Frequency applies to all Cloud Services fees, and the Technical Cloud Services Payment Frequency applies to all fees for Technical Cloud Services. All fees payable to Oracle are due in accordance with Appendix A, Section 8.J of DIR Contract No. DIR-TSO-4158. Once placed, Your order is non-cancelable and the sums paid nonrefundable, except as otherwise provided herein or in the Agreement Also, You will reimburse Oracle for reasonable pre-approved expenses related to providing any Technical Cloud Services in accordance with Appendix A, Section 8.F of the Agreement. Unless, specifically stated otherwise, fees for Services listed in an order are exclusive of expenses.

   As described in the Oracle Government PaaS and IaaS Cloud Services Descriptions document available at http://www.oracle.com/contracts, if you in a given month exceed the quantity of services specified for any of the Cloud Services listed in the tables above section A with "Government" in the product name ("Government PaaS and IaaS Cloud Services"), then you must pay for such increased usage/capacity at the Unit Net Price specified in your order and the parties must enter into an amendment to document the amount of such fees and the change in the scope of services. Any payments for increased usage/capacity will be made in accordance with Appendix A, Section 8.J of DIR Contract No. DIR-TSO-4158.

   As described in the Oracle Government PaaS and IaaS Cloud Services Descriptions document, to minimize any potential overage charges, Your account will be set up not to allow new instances to be deployed if You have reached Your capacity for that month; previously deployed instances will continue to operate and incur charges unless terminated or stopped by You.

4. **Data Center Region Availability for UCM.** Platform and data center region availability information for Oracle Platform as a Service (PaaS) and Oracle Infrastructure as a Service (IaaS) is provided on the Oracle Cloud Portal at https://cloud.oracle.com/data-regions. Oracle agrees that during the Service Period specified in this Ordering Document, the Cloud Services environment holding customer data will reside in data centers located in the continental United States. Oracle may access Customer Data on a global basis to the extend necessary to perform the Cloud Services, including maintenance and Cloud Services technical support.

5. **Replenishment.** At the end of the initial Services Period, You may replenish Your Oracle PaaS and IaaS Universal Credits through the same Oracle authorized partner through which you have placed this order for four (4) additional one (1)-year Services Periods in accordance with this section (the order for each such Services Period, a "Replenishment Order"). In addition, for the Cloud Services listed on the attached Replenishment Exhibit, the rate card in the Replenishment Order will reflect the discount specified on the attached Replenishment Exhibit off of the then current list prices of such Cloud Services as of the date of the issuance of the Replenishment Order, provided that such order: (i) must be for a minimum additional Service Period of one year, (ii) must be for net Universal Credit fees per annual period greater than or equal to the net Universal Credit fees per annual period specified in this order, and (iii) is only for application of Oracle PaaS and IaaS Universal Credits towards Cloud Services that Oracle is making generally available to its commercial customers on the date of the issuance of such Replenishment Order.

   Replenishment Exhibit
   -B93380 Exadata Cloud Infrastructure – Quarter Rack – X9M
   -B89999 Oracle Cloud Infrastructure – Database Exadata Infrastructure – Quarter Rack X7
   -B88592 Oracle Cloud Infrastructure – Database Exadata OCPU
   -B91628 Oracle Cloud Infrastructure – Object Storage – Storage over 10 Gigabytes Storage Capacity Per Month
   -B91627 Oracle Cloud Infrastructure – Object Storage – Requests over 50,000 Requests Per Month

6. **No Auto Renewal.** Notwithstanding any statement to the contrary in the Service Specifications You expressly agree that the Services under this order will not auto-renew.

7. **Annual Universal Credit.** Oracle allows You the flexibility to commit an amount to Oracle (as specified in the "Credit Quantity" table in Your order, the "Annual Universal Credit") to be

applied towards the future usage of eligible Oracle IaaS and PaaS Cloud Services specified in the rate card attached to Your order or as seen in the Cloud Portal, provided such Cloud Services are available in production release when ordered, at the fees specified in the rate card. The total Annual Universal Credits acquired under Your order (the "Total Credit Value") and the applicable Services Period for those credits will be as specified in Your order. An Annual Universal Credit amount must be used within its applicable yearly Credit Period during the Services Period and will expire at the end of that yearly Credit Period or the earlier expiration of the Services Period; any unused amounts are non-refundable and are forfeited at that time. The balance of the Total Credit Value will be decremented on a monthly basis reflecting Your actual usage for the prior month at the rates for each activated Oracle IaaS and PaaS Cloud Service as defined in Your order.

    a. **Additional Fees for Any Increased Usage / Capacity.** As described in the in the Oracle PaaS and IaaS Universal Credits Service Descriptions available athttp://www.oracle.com/contracts, if, at the end of any month during the Services Period under this order, you have exceeded the annual Credit Quantity specified in this order during the Services Period under this order, then you must pay for such excess usage of the Oracle IaaS and PaaS Cloud Service at the "Overage Unit Net Price" specified in the rate card of Your order or as seen in the Cloud Portal.

    b. **Additional Services.** If Oracle adds additional service offerings to the list of eligible Oracle IaaS and PaaS Cloud Services within Your Cloud Services Account during the Services Period, You may activate and use those service offerings and the discount will be applied based on the Cloud Service category discount specified in the rate card attached to Your order as seen in the Cloud Portal. The development, release, and timing of any future features, functionality or service remains at the sole discretion of Oracle Corporation.

8. **Expansion.** During the initial Services Period, You may place new orders through the same Oracle authorized partner through which You have placed this order (each, an "Expansion Order") for additional PaaS and IaaS Universal Credits which may be applied towards Your activation and use of Cloud Services (in accordance with the Service Specifications), and apply such credits towards Your use of Oracle PaaS and IaaS Public Cloud Services at the unit net prices for such cloud services as specified in the Exhibit attached hereto, provided the Oracle PaaS and IaaS Universal Credits acquired under each expansion order: (i) will be applied only towards Your future use (i.e., use after provisioning by Oracle) of the Cloud Services acquired under this order at the unit net prices specified in the Exhibit attached hereto, and will co-terminate with the services period; (ii) will increase the Credit Quantity set forth in this order for the remainder of the Services Period; (iii) may only be applied towards Cloud Services that Oracle is making generally available to its commercial customers on the date that Oracle issues the order to the Oracle authorized partner for the Oracle PaaS and IaaS Universal Credits for distribution to You under the Expansion Order through an Oracle authorized partner.

9. **Customer Readiness Services.** To migrate CPA data from CPA's existing Exadata Cloud at Customer platform to the proposed Exadata Cloud Service platform RFD estimates a bucket of $100,000 for professional services needed. The hours will only be billed as needed; CPA will only pay for time spent. As specified in the DIR-TSO-4158 Appendix C Pricing Index, the time will be billed at an Oracle ACS Engineer hourly rate of not to exceed $316.46.

10. **Oracle University Training Services.** RFD estimates a bucket of $50,000 for Oracle training. Like professional services, training will be billed to CPA as needed. CPA can choose from the course catalog found at education.oracle.com.

11. **Renewal Pricing.** CPA may renew the Cloud Service environments provided herein for an additional four (4) years, through August 31, 2027 (CPA Fiscal 2027). Pricing for out-year renewals may be found in the attached "Addendum 2 to Price Request," noted as Appendix A of this contract.

12. **State of Texas certifications associated with RFD's solicitation response.**
    a.   Pursuant to Texas Government Code Section 2274.0102, RFD certifies that neither it or its parent company, is: (1) majority owned or controlled by citizens or governmental entities of China, Iran, North Korea, Russia, or any other country designated by the Governor under Government Code Section 2274.0103, or (2) headquartered in any of those countries.

    b.   Pursuant to Texas Government Code Section 2274.002, RFD verifies that RFD does not boycott energy companies and will not boycott energy companies during the term of the Contract.

    c.   Pursuant to Texas Government Code Section 2274.002, RFD verifies that it (1) does not have a practice, policy, guidance, or directive that discriminates against a firearm entity or firearm trade association and (2) will not discriminate during the term of the contract against a firearm entity or firearm trade association.

    d.   Pursuant to Section 161.0085 of the Texas Health and Safety Code, RFD certifies that it does not require its customers to provide any documentation certifying the customer's COVID-19 vaccination or post-transmission recovery on entry to, to gain access to, or to receive service from RFD's business. RFD acknowledges that such a vaccine or recovery requirement would make RFD ineligible for a state-funded contract.

13. **Offer Validity.** This order is valid through July 25, 2022 and shall become binding upon execution by You and acceptance by Oracle.
