Explore Sheriffs and Constables Fees

Every year the Texas Comptroller's office compiles and publishes a report that lists fees sheriffs' and constables' offices charge for services they provide. State law requires each county commissioners court to annually notify the Comptroller of any changes to these fees. This data is published each year by the Comptroller's office in the Sheriffs' and Constables' Fees report. Use this dashboard to explore the various fees, compare fees between counties and view fee trends over time.
